Subject: \*\*Question from SC Constituent\*\*

---

Ozzie,

A constituent claims that in the contract for ProtectMyID, Experian states they can give customer information to 3<sup>rd</sup> party associate partners. The constituent also claims that there are over 90 3<sup>rd</sup> party associate partners.

Can you confirm this? What information is being given? Credit card information, SSNs?

Thank you,  
Chrystal Laughlin
