Subject: FW: Gov. Nikki Haley's Schedule: Monday, September 29, 2014

Attachments: STEM Summit Program.pdf

Hi Christian,

I see, from an announcement that Amy Love in Commerce forwarded to me, that Governor Haley is in Spartanburg on Monday. While I am sure she already has a very full day planned, we'd certainly welcome her if she chose to visit with us even briefly at the 2014 SC STEM Summit at the Chapman Cultural Center. Agenda attached. We'll have 400+ STEM interested participants on site from across the state and some from across the nation as well. Should she wish to do so, we can offer Governor Haley an opportunity to address our attendees. Or, perhaps the Governor would prefer to mingle with STEMers over a refreshment at the late afternoon reception?

Should arrangements need to be made, I can be reached any time at 864-650-0750. Naturally, we'll understand if she is unavailable with such short notice.

Thanks,

Tom

PS Had an interesting conversation with the Keenan Teacher Fellows program based in NC. Let's catch up some time.
