

Dear Governor Haley,

I am writing this letter as a follow up to the phone call I received from your office about 2 weeks ago, regarding Roman, the German Shephard that I rescued here in Florida, adopted from Pawmetto Lifeline in Columbia SC by a Dr. William Odom. It has been 8 weeks since PLL took Roman away from probably the only home he has ever felt safe and loved. I have tried on several occasions to get information about Roman, but to no avail. I would just like to know if your office was able to get any information regarding Roman. I would also like to make your office aware of a situation that occurred between Peace Love and Faith Rescue-John and HEART-Help Every Animal Reach Tomorrow (to which Pawmetto Lifeline is the parent company of HEART) This rescue reached out to HEART to save a dog that was to be euthanized, and I am enclosing the correspondence between the two that were forwarded to me. So you see, Pawmetto Lifeline, in my opinion, does not have the animals best interest, otherwise they would gladly work with smaller rescues to help this dog. Just like they don't (in my opinion) have Romans best interest ... They are more concerned with their reputation due to the outpouring of support I received for Roman to adopt him, and the outpouring of negativity they received from people in and near Columbia, and all across the globe. Romans Story went viral and the majority of the people believe that I should be the one to adopt him. If you would like to contact me concerning this matter, please do so.

Thank you for your time,
Janelle Marcello

What a GOOBER! This young dude is a total goof-ball!!! He's happy, loving, obedient, submissive, sweet, friendly, humble, kind, affectionate, calm, and polite. He definitely knows his manners. He is good around other dogs and is excellent on a leash. He gave us many smiles, kisses, hugs, and nubby tail wags. Will you save this total LOVEBUG and find him a rescue TODAY? Please remember the "FINAL DATE" is contingent upon the animal staying healthy. If they contract ANY ILLNESS they will be euthanized! HELP GET THEM OUT SOON! PLEASE NOTE: Additional vetting is available, up to and including spay/neuter surgery, core vaccines, combo or heartworm testing, nail trimming, micro-chipping and basic deworming. For more information on how you can save this life, please email info@heartofthemidlands.org. Be sure to include the animal's ID number and the name of your rescue group so we can provide you with accurate information.

Adopt and Protect this pet with the 24PetWatch Gift of Pet Insurance.
