Holly,
Austin was going to talk to you about the EO. He suggested not including the Dept of Administration and asking agencies to do some of this and report the results back to the Governor's Office. Will you talk to him and let me know if things have changed?

Marcia, Should we include state fleet? Is December 31st a reasonable timeframe?

Yes, this is what she had in mind. I know the state fleet has been discussed in the past; however, we didn't discuss that in the meeting (Austin/Marcia?). I think the perfect rollout is at the June Cabinet Meeting we just scheduled. Marcia, do you think everything is doable that Holly has listed and that December 31 is a reasonable timeframe?

Thanks,
Katherine
