Sorry I haven't gotten back to you yet - Valerie was a huge help this summer and we were thrilled to have had her help for as long as we did.

Through the usual quirks of scheduling, the Governor and I haven't been at the same place at the same time for the past couple of days, but I should see her a couple of times this week, so I'll try to get a quote/approval for you.

I'll get back to you with a more detailed response to your note as soon as I get that squared away - thanks again.

Hi Christian,

Thanks for hosting Valeria Sakimura this past summer. She reported that she had a fantastic experience with you and your colleagues this summer, so thank you for that! I would love to hear about what you thought from your end . . . is there anything that we could do better in the process?

We'll be sending out requests for proposals for next summer within the next month or so, and would love for you to submit one again this year!

We are also in the process of re-doing our fellowship brochure and are looking for some quotes from Governors who have hosted fellows. We would love to have one from Governor Haley if she would be willing. Basically, the quote could be about what the Dukakis Fellow brought to the office, the importance of training future leaders at the state level, or a related area. It would only need to be between maybe 75-200 words . . . right around there. We would also love to be able to put her picture next to quote, but that is not a requirement.

Please let me know if you think that she would be willing and if you have any further questions. I would need the quote by Nov 21<sup>st</sup>.

Thank you!  
Paula
