Subject: Joni's Resume

Attachments: Final Fine Print USC.docx

Hey Katherine,

I really appreciate any assistance you can offer. My job at the State Credit Union was eliminated over a year ago and granted I'm on the temp list with the Athletic Dept. But nothing has come available since I left Baseball in December. I've coordinated a few special events, so that's kept me from hitting my savings account, but it's only a matter of time.

I've attached my resume, and my expertise is security, facility management and development, event planning and managing, but I'm willing to attack any venture with the passion and confidence needed to be successful. I'm a quick learner and ready to get back to a permanent schedule and commitment.

Thanks again and Take Care,
Joni
