South Carolina Governor Nikki Hayley
State House
P.O. Box 11369
Columbia, S.C. 29211

Dear Governor Hayley,

I am a fifth grade student from Walnutport, Pennsylvania and my name is Viviana Echim. My science and social studies class is learning about the Southeast Region. I chose the state: South Carolina and because you are the governor, I am writing to you for information.

When I get all the information about your state, I will do a project such as a poster, presentation, travel brochure, or a newsletter. If you have the time, please send me things you have done to help your state, information about population, natural resources, weather, and pictures of South Carolina.

Thank you for your time.
I know you are a busy person.

Sincerely,

Viviana Echim
