Chas. S.C

Dear Gov. Haley.

I am writing once again after hearing on the TV. you asking our state senate & representatives for help protecting the Planned Parenthood & Abortion clinics with security protection the best way for protection for these places is to hire private security (24 hrs) a day. Also here some info I'd like to pass on. I'm asking the U.S. Senate and the house to only fund two years protection for presidents & their families after they leave office. I'm also fighting to get the regulations changed where all the chief justices get full pay for ever! Why? 20 years they should get 40%, 30 years 60% 40 yrs 75%. they should be gone by the time there 75 years old.

I'm a 30+ year combat Marine with many years over seas and I'm not happy with our Govt. God Bless, Be safe and you got my vote.

Thank You
Ray Cowley Jr.
