Thanks for your email, your support, and your business! I have someone on staff contacting SCDOT about your interest in getting involved. The answer to your questions, though, lies simply in the fact that there's no direct accountability. I support making SCDOT a cabinet agency directly accountable to the governor, and I believe that such would put an end to much of the waste and mismanagement that now occurs under the politically-driven Commission system under which we operate. You can see my complete thoughts at an op ed I recently published, here:

<http://www.greenvilleonline.com/story/opinion/contributors/2017/03/20/commentary-brother-cant-spare-dime/99419606/>

I hope this answers your question, and I'll have staff pass on that other information.

Kevin

Subject: Roads

Dear Kevin , I'm just an old retired firefighter named Allen billings .i was born and grew up in Anderson county and love it.just wanted to say a few things about our scdot. Why do they always drive all new vehicles ,mine last a lot longer,why do they send three or four trucks and one tractor along with six or eight workers to do a one man job. Another thing why do they contract out to company's to cut the grass and etc. when they have adequate help standing around .I have worked with heavy equipment , have been the Anderson county fire marshal an been around trucks and all sorts of equipment. I personally would like to get involved with their daily activities. congratulations on your new job I support you all the way.also we do business with the pharmacy on N. Main st.
Phone 864 617 3571.
