Re: Increasing the percentage of African American Republicans

Dear Mr. Bryant:

I believe more than anything that African Americans should have a choice between the parties and not just vote Democrat because our parents and grandparents did as such. The next generation is willing to break that cycle and we should be there with open arms. People such as myself were afraid to break that cycle because of fear of retribution *from our peers*, but that has changed. This is why I officially consider myself a Republican. I would like to be active with developing strategies that will significantly increase the amount of African Americans who change to the Republican Party.

My plan of action would include:

- A. \\*\pn\pn\lbody\pndec\pnstart1\pnindent360\pnql\pntxta.Make Republican Party more visible in the African American Community
- B. \\*\pn\pn\lbody\pndec\pnstart2\pnindent360\pnql\pntxta.Inform of history of Republican Party
- C. \\*\pn\pn\lbody\pndec\pnstart3\pnindent360\pnql\pntxta.Educate on agenda of Republican Party
- D. \\*\pn\pn\lbody\pndec\pnstart4\pnindent360\pnql\pntxta.Implement Newsletters for African American communities
- E. \sa280\\*\pn\pn\lbody\pndec\pnstart5\pnindent360\pnql\pntxta.Implement strategic planning as we identify African American Republican's who will run in predominately Democratic communities.

What are your concerns and suggestions related to this matter? I look forward to your response.

Yours truly

Charles Carter
