Subject: Recall of Paul Tamburrino

Fellow Alumni and CAA Members,

Many of you may already be aware of the movement to recall Paul Tamburrino as CAA VP. We want to make sure every member of the CAA is aware because many have asked what the issue is all about. Paul is trying to attack the movement by saying it is about his opinion on the Confederate Navy Jack hanging in Summerall Chapel. This is not the truth as many of the petitioners have the same opinion. The issue is Paul's constant disrespect, threats, bullying, and harassment of Citadel Alumni, Cadets, and Donors. Please see the attached dossier with evidence of Paul's behavior. We simply find that his behavior is not keeping with The Citadel's Core Values of Honor, Duty, Respect. Is this the type of representation we want for The Citadel, the CAA, ourselves? Please share this with your classmates, districts, and all CAA members. For further information and ways to help, please go to [RecallPaul.com](http://RecallPaul.com).

Thank you all for your time and consideration in this important matter. We do not want this type of liability on the CAA or The Citadel.
