Holly,

Have you had a chance to review Becca's analysis on this issue? Senator Johnson continues to ask me for an update.

Thanks,

With a legislator being involved, I just want to make sure Holly has had eyes on it.

Katie, thanks for your prompt response. While they are checking, we were wondering about another issue. The Chief of Staff of the hospital was automatically a member of the board. Since the hospital will be run and managed by McLeod and their board, can that person be replaced.

The transition to McLeod takes effect on July 12. Thanks.

Subject: Clarendon Hospital Board

Katie:

I am contacting you on behalf of the Clarendon County legislative Delegation in reference to the Clarendon Memorial Hospital Board. As you know, the delegation makes recommendations to the Governor for appointments to this board. Recently, the board entered in to an agreement with McLeod Hospital of Florence, SC. Under the terms of that agreement, the hospital board leased the hospital to McLeod. The only exception are the three nursing homes that the hospital owns. As a result, the only role for the hospital board is to manage the three nursing homes and to manage the lease agreement with McLeod. The question that we (legislation delegation) have is can we make changes to the current board by removing most of the members in an attempt to recommend others who possess certain strengths and qualifications that will help to continue to better manage the lease agreement and operate the nursing homes or do we have to wait until current terms expire and replace with new board members at that time. Under either scenario, some board members will most likely be recommended for reappointment while others will be replaced.

What I have outlined above is just a simple explanation of the current events that have taken place with the hospital in an attempt to make it a profitable healthcare system that will be able to provide quality care in our region. However, again, under the current arrangement, the hospital board, going forward will have the responsibility of managing the lease agreement with McLeod and to manage the three nursing homes.

Please advise if additional information is necessary. Thanks.
