

South Carolina Chapter

Protecting Life and Promoting Health

Dear SCNSC Friends,

I hope that you and your family are safe following the devastating floods in Columbia and the resulting recovery efforts. It has been a trying time during which so many people have lost so much. The thoughts of everyone at the South Carolina Chapter of the National Safety Council are with those who have been affected as they rebuild and regain some sense of normalcy.

In light of the widespread community impact of the floods as well as some minimal damage to our office, we have decided to reschedule the annual Alive at 25 Banquet from November 5 to February 11, 2016. Any seats already reserved- or sponsorships already contributed will be honored at the rescheduled event in February.

We felt that this decision was in the best interest of everyone involved in planning, sponsoring and attending the event. We particularly acknowledge the key role of our first responders, who not only are critical to our work at SCNSC, but who have worked tirelessly to keep our community safe and to aid in the recovery process. We believe it is best to enable them to keep their focus where it should be – on our community and on their own recuperation from long, intensive hours on the job.

Thank you all for your understanding and for your continued support of SCNSC. We look forward to sharing more details on the rescheduled event very soon, and we will continue to keep our focus on our community as South Carolina recovers from this historic event.

Please do not hesitate to call us at 803.732.6778 or email info@scnsc.org with any questions.

Thank you,

Jody Jernigan
Executive Director
South Carolina National Safety Council
