Subject: ROOM TO LET

Agnes Willcox and I (2225 Terrace Way, the pink house overlooking Blossom) are in the hunt for a new single-room tenant. Our current tenant is moving out by the middle of July, so we have an extra bedroom to rent. Agnes is building herself a private bath, and that leaves the hall bath as an exclusive for our new tenant. It's a cheap deal: \$500 a month, utilities included, plenty of parking on the street and in the back, large front porch and back decks on two levels, huge unfinished basement for storage, large library/lecture hall. Hot tub seats 8, but we're not the hot tub type, whatever that is. We prefer the stuffy and bookish type. You cannot be allergic to Sourpuss or Stella.
