---

This vote was a huge step forward toward completing the Charleston Harbor Deepening Project. Today's progress is a renewed commitment to South Carolina companies that we are open for business and ready to help them get their product to market as quickly as possible. We thank our South Carolina delegation for their hard work and will continue to work with them, state leaders and members of the General Assembly to complete this critical economic development project for our state.

Subject: quote

Brian – attached is our draft press release – it appears they have struck a deal on the CR, paving the way for WRDA passage sometime today.

We'd love to include a quote from Governor Haley, if possible, as her support was very helpful throughout this process.

Thanks and just let me know.

Regards,

Tate
