## South Carolina State Parks

at 5:22:19 on 12/25/2010 UTC ·

GIFT #10: COUNTLESS MEMORIES. There are 47 State Parks for you to enjoy across South Carolina. Take the time to visit one with your friends or family. There's so much to do and countless memories to be made -- and sometimes those memories are the most precious gifts that we can give. We'd love to see you this holiday season or anytime throughout the new year!

**Laura Herbert** been to about 7 (a couple of them twice) - plan is to visit all 47 eventually. Have lived in the Upstate since 1994. Did not realize what SC had to offer in regards to its state parks until just recently...glad I now have an interest in partaking in hiking and building up my photography skills.
