Thanks Catherine!

Database management is just one of the areas we can help with.

We've also been discussing equipment solutions for the Office on Aging later this year.

At the very least, I'd like to introduce myself as a resource to you as your environment changes or if any needs arise.

Do you have availability tomorrow afternoon for me to swing by and introduce myself?

Good Morning Hugh,
Tori Beth passed your email along to me for response. We are a small office and not in need of any database or automation solutions at this time. Thank you for your email.
