Jen,

Here are 2 pages of information that will be helpful to Jenny. It describes the plan of PPCP and Equity Healthcare to locate a Medical Campus at Nexton, the composition of which will create a new paradigm in healthcare for South Carolina and respond to the challenges and opportunities expressed in the Affordable Care Act. Please let her know that this information is confidential draft and should be used for internal use only and not for publication or distribution. The information is subject to change as plans are further developed. We will have an update prior to the date selected by the Governor's office for the official

announcement.
