The Honorable Nikki R. Haley
Office of the Governor

Dear Governor Haley:

My name is Kiera McFarlan. I am a junior at South Carolina State University I am an early childhood education major, aspiring to be a teacher. I am devastated by the financial issues of the school. Thank you for bringing it to our attention. It is our responsibility as students to make sure something like this does not happen again. South Carolina State University is a diverse and cultured school. I has not only changed my life but other's life as well.

I know the decision of closing the school is difficult. I am begging that you think about all of the students that have worked so hard to get where they are. Although school officials have misused our funds Please do not give up on the entire school. Although it is not fair for the students of South Carolina State University to have to bare the weight of the financial issue, I have hope our financial issues will get better.

Thank you for your time and giving our student population a chance to communicate will you. It means allot to us. We appreciate everything you do.

Sincerely,
