Subject: Re: SRS Nuclear Waste Facility

Quote from Haley press secretary Chaney Adams, "Governor Haley has been clear: South Carolina will not become a permanent dumping ground for nuclear waste regardless of where it would be housed or who would house it ."

Hi, Chaney. Hope all has been well.

Working on a story about the nuclear waste facility proposal to the NRC (think the state reached out to you guys last week about it).

According to the letter and comments I received from the group (<http://www.nrc.gov/docs/ML1624/ML16245A025.pdf>) they say this isn't about storing nuclear waste in SC. Rather it's about collecting commercial spent fuel produced by companies like SCE&G and converting it into nuclear energy.

Looking for comment from the governor or you on this. Looking at a 3 p.m. deadline. Thanks!
