**Subject:** Help Needed

---

Katherine:

Received feedback from several constituents this morning (see below). Any suggestions?

Rep. Bill Taylor  
S.C. House Dist. 86

**Subject:** Re: Your ACTION is Needed - Identity Theft Protection

When I tried to register this message came back "The requested user account does not exist for this site. 430". I tried twice, same result. Any suggestions?

Donald Dyson

## This is important.....Your ACTION is Needed

### Protect Yourself Now Credit Monitoring

Dear Friends:

The time is **NOW** to protect yourself and your family. A few minutes of your time could save you a great deal of aggravation and grief caused by hackers and thieves who want to steal your identity.

South Carolinians affected by the massive hacking of the Department of Revenue computers last year are being offered another year of credit monitoring free of charge. If you want the service (and I encourage you to use it) **you will need to sign-up again** because the state program is being offered through a different company this year.

**Enrollment Begins Tomorrow:** Enrollment in the state-provided identity protection coverage begins tomorrow, October 24th, and is provided through CSIDentity Corp. State government is paying the Texas firm up to \$8.5 million to provide credit monitoring to everyone affected by the breach of state computers (that's just about all S.C. residents and businesses).

Experian handled the first year of credit monitoring following the initial emergency. During the past year, 1.5 million South Carolinians signed up for that service. **The initial service is not transferable between the two companies**, therefore, everyone will need to sign-up again for the free credit monitoring.

**Sign-Up Connections:** Eligible taxpayers can sign up for the identity protection coverage through:

[www.scidprotection.com](http://www.scidprotection.com)  
or by calling  
855-880-2743

Enrollment will remain open until October 1, 2014. CSID's service will end October 31, 2014, unless the State chooses to renew the contract.

**Safeguarding Your Identity:** The goal of the this program is to provide the best in identity and credit protection. I highly encourage South Carolina taxpayers and businesses to take advantage of CSID's identity protection coverage to ensure the integrity of their business and families' personal information.

**Remember, even if you signed-up last year you will need to sign-up again because the state program is being offered through a different company .**

In your Service,

**Bill Taylor**
