Is there any deals next week for the cabin barnwell state park in blackville sc? I have work near the area for a couple days but I would be working nights and get off 5-6am I just needed some place place to sleep during the day...then will be out of park by 7pm to do next night and then I would travel home following day. I would hate to set up a tent and probably get no sleep if there are campers there and noisy. But then it stated 2 nights also...i will probably only be there one day..appreciate it if you can give me information. Hotels in area outrageous and all I get is \$20 travel pay no pay from my company working for for lodging..I am a merchadiser..i will be on road doing sets today but more than welcolm to call me 803-406-2001.
