*"It is the right of every pregnant woman to give birth..."*

Dear Governor Haley:

March 24, 2015

In the way of introduction, my name is Hank Chardos, Executive Director and Co-Founder of Birthright of Columbia. Birthright is a pro-life emergency pregnancy service staffed by volunteers providing aid and assistance to girls and women faced with an unplanned or problem pregnancy. Birthright of Columbia recently celebrated its 35<sup>th</sup> Anniversary yet many in the community are not aware of Birthright.

This letter is sent as a warm invitation to come to a Baby Shower hosted by **USC nursing students** for Birthright clients, Nurturing Center Teen Moms and also teens from local area high schools. The Baby Shower is scheduled for Friday, April 17<sup>th</sup> 1:00 – 3:00 p.m. at the Birthright office located at 1405 Gregg Street. Baby wipes, crib sheets, Q-tips, diapers and many other needed items will be provided for Mom and baby. More importantly, however, the Baby Shower will convey a message of hope. The USC nursing students have volunteered at Birthright this semester with cheer and caring and are concluding their efforts with the Baby Shower.

Enclosed is some information concerning Birthright. Please let me know if you can join us April 17<sup>th</sup>. Thank you.

Blessings,

Hank Chardos

Executive Director and Co-Founder
