Subject: SAVE THE DATE: Walk at the State House for "The Longest Day" - June 21, 2017

WHO? Anyone is welcome.

WHAT? The Lt. Governor's Office on Aging and the South Carolina Alzheimer's Association are teaming up to highlight June as "National Alzheimer's & Brain Awareness Month." A

walk has been scheduled to promote the observance and we are asking participants to volunteer to walk for any half-hour increment throughout the day's event.

****MORE INFORMATION TO COME including details about the Press Conference with the Lt. Governor*****

WHEN? Wednesday, June 21, 2017 · 8:00 a.m. to 5:00 p.m.

WHERE? The State House (1100 Gervais Street, Columbia, S.C.)

WHY? “The Longest Day” is a team event to raise funds and/or awareness for the Alzheimer's Association. Held annually on the summer solstice, the duration of this sunrise-to-sunset event symbolizes the challenging journey of those living with the disease (over 84,000 in South Carolina alone) and their caregivers. If you would like to donate to the Alzheimer's Association, it would be greatly appreciated; however, the main goal is raising awareness throughout the state.
