

My dad got into a little trouble?
when he was young. But for the last
35 years, he hasn't even had a
speeding ticket. My mother got a
seat belt ticket once, that's the most
trouble she's ever got into. My parents
are good citizens and has always
put everyone before their selves.
If anyone in this world deserves
help, they do. I know it's not your
job to help or get help for my
parents. I was going to call the
Home Makeover show, but I didn't.
I prayed and prayed for GOD to
give me advice or a sign. One morning
when I woke up, I felt relieved
and I heard your name. I have
faith that GOD sent me to you
for a very good reason. To
answer mine and my parents prayers.
What ever you can do for my parents
would be appreciated. God Bless

My parents are Connie and Eugene Parrott. They are renting a house at 2213 Lakecity Hwy, Lakecity, S.C. 29560

mentally disabled brother that lives with my parents has a lot of health problems. My dad has diabetes, gaute, high cholestrol, high blood pressure, hepitis, and has had a few surgeries. He has to use a walker just to walk. He's also losing his memory. My brother has high blood pressure, high cholestrol, and asthma. They rented the only house that they could find available at the time. The owner didn't tell them that the house had been affected by the flood. So they had to pay someone to replace the floors in 3 rooms, but the mold is still bad. The mold is causing their health to get worse. Now they don't have the money to rent another place or fix theirs. They live on a disability check. Because my mother had to quit her job after 10 years to take care of my dad and brother. My parents raised 7 kids and 3 grand kids. They have always been outstanding parents and role models.

Governor Haley,

My name is Curt Perrott, I live in Johnsonville, S.C. I'm writing you to ask for your help. My parents lived at 914 N. First Neck Rd. in Johnsonville, S.C. for 38 years. They had a 5 bedroom, 1 bath home. They spent every extra dollar that they earned and their life savings on their home. About Oct. 4 2015 Florence County was hit by the flood. Their house is so bad that FEMA told them that they had to move out because of the mold. Fema gave them \$6,000 to rent a place and purchase all of their appliances again. They told my parents that they could not use their old appliances anymore. My parents was going to pay payments on a older model camper until FEMA helped them fix their home or get a mobile home. Fema told them that they would no longer help them if they got a camper. After my parents waited a couple of months on Fema, they told my parents that they were out of money. My Dad and my
