Subject: FW: Harvard Dukakis Fellowship - One more quick question

---

Harvard's graduate program in government has a summer fellowship program...we may wind up receiving one this summer.

Question from below – would a fellow in our office need to be a U.S. citizen?

Subject: Harvard Dukakis Fellowship - One more quick question

Hello!

Thanks so much for submitting a proposal for the Dukakis Fellowship. The application went live yesterday and is already generating quite a bit of interest from students!

One question that has come up several times already has been around citizenship. Some of our international students have participated in this program in the past and the fact that they're not U.S. Citizens hasn't not been an issue for most states since they're getting paid through Harvard and are on a student visa. However, if any of the work they would be doing would require any type of security clearance or similar security-related requirements, citizenship could be an issue.

With that said, do you have any policy concerns around non-U.S. Citizens participating in your state?

Thank you!  
Paula
