Dear Governor,

We suspect you are trying to position yourself for VP. But your failure to protect SC citizens concerning unvetted refugees, failure to protect the unborn by speaking out, failure to see the big pictures earns you a big "F" for performance in my book. Republican in name only is what you have become. There are two wonderful candidates running for President-Dr. Ben Carson & Carly Fioroni.

Listen to the cheers for these two outstanding Americans when you attend the "Take Back America" event on the 18<sup>th</sup>. This is the future, not the policies you seem to be pursuing.

Sincerely,

Tim Walinski
