February 26, 2015

The Honorable Governor Nikki R. Harley  
Office of the Governor  
1205 Pendleton Street  
Columbia, South Carolina 29201

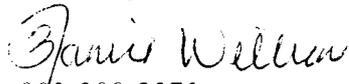

Dear Governor Harley:

I am Senior at South Carolina State University in Orangeburg, SC. My reason for writing this letter is to ask for assists in killing the bill.

Although I have read reports in the newspaper of what is happening at South Carolina State University that will affect each student. My needs is for the school to get some additional funds to help the school kill the bill. So each student will have a chance to get his or her degree.

Thank you for your consideration of my viewpoint on this matter. I believe it is an important issue that will affect the students at South State University.

**Sincerely,**
