Ms. Fortner,

My name is Kelly Reinhardt and I am an undergraduate student at Penn State interning with the Director of Medicaid at Bravo Health this summer.

As Bravo Health looks to expand its Medicaid market, my manager has asked me to complete a few projects this summer to help analyze state level planning initiatives related to the federal health care reform going on. I am reaching out to you in hopes of gaining information to assist with this project.

My general questions would include:

1. What is the expected Medicaid enrollment increase resulting from health care reform in the state of South Carolina?
2. Will South Carolina establish a Planning or Coordinating Council?
3. When does South Carolina expect to expand eligibility to 133% FPL?
4. How will South Carolina implement the Insurance Exchange?

Of course, I know how busy you must be and that you may not know the answers to many of these questions just yet, but I would really appreciate hearing back any information you could potentially give me about specific implementation processes and such. If you cannot answer my questions and may know of someone else who could, I would also appreciate if you could forward me their contact information.

If you need to contact me all of my information can be found below.

Thank you for your time and I hope to hear from you soon.
