Dear Governor Nikki Haley,

Thank you so much for all you do for the State of South Carolina.

My name is Leroy Williams; I had a stroke in December 2014. I spent the New Year in MUSC of Charleston South Carolina where a team of doctors worked tirelessly to save my life. I underwent a very serious surgery, intense physical therapy and by the Grace of God I was able to come home to my family in late January 2015. Thank God for the Health Care Program, However, I was told one night in MUSC was \$134,000 dollars. After the insurance payment my portion is \$56 dollars and has been turned over to collection. I have no financial means of paying them.

Since my stroke it has been a struggle. All of our funds are collapsed, we are about to be put out of our home and **over a year has passed and I still have no disability assistance.** My family is suffering.

Thanks to my family who has been assisting me with my medical and physical needs since my illness. I have been getting food from free food programs, from my family and the \$194 dollars a month in Food Stamps.

I've worked all my life and as a Truck Driver for many years and can no longer do it. I am disabled not by choice but by a medical condition. I now need help to provide food and a home for my wife and my children. I need medications that I sometimes go without because we can't afford it. **My application for Disability has been denied.**

I am writing this letter to ask for your help. If you can be of any assistance to me and my family it would greatly be appreciated. You can contact me at: the above address, by phone at 843-833-9195 or by email at emoultrie1@frontier.com.

God Bless you is my prayer.

Leroy Williams
