    Iâ€™m hoping to have a verdict for you today â€" possibly tomorrow.

    In the meantime, would you mind pitching a couple dates when I could bring a couple folks down to visit MSA and spend a little time talking to administration about MSAâ€™s approach and also generally about education policy in SC? It sounded like mid-July was the target window. Thanks.

Hey Christian -

I am writing to pass along Meeting Street Academy's support for H3472, which primarily allows private schools who meet the racial demographics of their area to be exempt from the 12 month waiting period currently required to convert to charter. We would encourage Governor Haley to sign this bill.

It is my understanding that an amendment was added by Senator Matthews that specifically deals with the Felton Lab at SC State being allowed to convert to charter - we have no opinion about this amendment.

Thanks for considering this.
