Subject: Recovery Audit Services - South Carolina

Greetings,

It is my pleasure to notify you that StoneBridge Business Partners has been awarded Contract Number 4400006311 by the State of South Carolina to provide recovery audit services for state agencies and higher education institutions, as directed by Proviso 89.120. The Contract was awarded effective February 12, 2013.

StoneBridge Business Partners, which is based out of Rochester, New York, offers a variety of specialized investigatory and analytical services. Areas of concentration for our practice includes recovery auditing, fraud and forensic accounting, litigation support and government accounting and auditing. We have experience providing specialized compliance and recovery audit services for some of the country's largest companies, including Starwood Hotels and Resorts, Wyndham Worldwide, Roche Diagnostics, Johnson & Johnson, Burger King Corporation and Denny's, just to name a few. If you are interested in learning more about StoneBridge, you can find us at [www.stonebridgebp.com](http://www.stonebridgebp.com).

We are excited about this opportunity, and we are ready to begin at any time. As a housekeeping matter, we would like to note that the recovery fee percentage noted on the contract is incorrect. Our recovery fee for these engagements will be 15%. We will follow up with the appropriate personnel to ensure the contract is updated accordingly.

If you would like to reach out to us to discuss a potential recovery audit feel free to use our toll free number: 1.888.247.9764. You may ask for myself or Jim Marasco.

We look forward to working with you and your agency!

Thank you,

Tom Niles
