

10/3/14

DEAR GOVERNOR HALEY,

I'm writing to you to ask for your help with a minor issue, I saw on t.v. where you helped a suicidal teenager to return to school with a renewed self-worth. Sometimes one's peers can be so cruel. I really appreciate that you took the time to help her. I voted for you and I will continue to support you at the polls. I don't like negative campaign ads and I've noticed your opponents are using them quite regularly.

Anyway, the problem I have is that my Concealed Weapons Permit has expired. I've held my permit since 2008 and SLED used to send out reminder notices when the expiration date neared. They no longer send reminders and I never gave it any thought. When I recently removed my license from my wallet, I noticed my C.W.P. behind it had expired.

I don't think I should have to pay to take the course again since I haven't committed any crimes or used my weapon. Do you think you could contact SLED and have them reinstate my C.W.P. and send me a new card? My permit number is 7381 and all the pertinent information is unchanged. My phone number is (843) 458-2082 if you need to contact me. I would greatly appreciate your help in this matter.

Sincerely,
Darlene M. McCourey

P.S. Please pray for me to find a full time job with benefits.
Thank You and God Bless
