Subject: Real difference

---

Katherine,

Two weeks ago, with your help, we declared war on the media and won our first battle -- NBC will not be allowed to host another GOP debate.

This time, **we won our second battle** in the war against the media. AND it was a BIG win!

Before I explain, I'm asking you to **chip in \$35 or \$50 to turn this BIG win into real momentum.**

You see: There couldn't be a sharper difference. For the first time, it was a real debate on substantive issues. My fellow candidates and I were not pitted against each other in a cage match. **This time the discussion was about real issues and how they affect American families.**

In this debate, just as promised:

- *I laid out a hard-hitting case for restoring the American Dream;*
- *I made it clear that Barack Obama has been a failure and that Hillary Clinton is a disaster who's election would risk the very future of our nation; and finally,*
- *I exposed the danger of a Republican Party who retreats at the first sign of a battle.*

Katherine, to lead our country, we have to stop surrendering to the Washington Cartel and trying to curry favor with the mainstream media.

I stood up to the media, united our party, and **we won a HUGE battle.**

Now, will you help make sure I win the Republican nomination for president?

With other candidates on the brink of dropping out, it's critical that we raise the funds to stay strong in this race.

I am the one candidate who will stand up and fight the media, the Washington Cartel, and ultimately defeat Hillary Clinton.

I will do this by uniting our party around the common-sense values that Ronald Reagan made great -- smaller government, the rule of law, traditional values, and a strong national defense.

**But I can't do it alone.**

Katherine, will you help me unite our party, win this nomination, and defeat Hillary Clinton?

**Chip in \$35, \$50, or \$250 -- help me maintain the momentum!**

Your support means the world to Heidi and me.

And your support will help restore America.

Thank you and God Bless!

For liberty,

Ted Cruz
