**Subject:** S.1328 - Senator Grooms

---

Katherine,

S.1328, a Joint Resolution that requires certain development projects to receive review and comment by the Berkeley County legislative delegation prior to the county introducing a permit, was introduced by Senator Grooms yesterday and placed on the calendar without reference.

We have serious concerns about this Joint Resolution because it is unconstitutional special legislation for a single county and it runs contrary to regulatory policies of this administration by inserting the legislative delegation into a purely executive function, adding an additional hurdle for businesses to receive permits, and creating the additional regulatory compliance task of performing an economic impact study.

Thank you,

Josh
