Dear Friends,

As I am sure you are aware, Israel, America's closest ally, is under attack by Hamas terrorists, who have launched ***hundreds of rockets*** into Israel over the past few days, killing innocent civilians. The Israeli government has launched Operation Pillar of Defense in an ***act of self-defense to prevent future attacks*** and bring to justice the leaders of these attacks, such as Hamas terror mastermind Ahmed al-Jabari.

When I spent time in Israel in 2011 - during which time the country also sustained rocket attacks - I saw firsthand how hard the Israeli Defense Forces work to prevent civilian casualties while carrying out the important job of preventing terror attacks and bringing perpetrators to justice. ***IDF soldiers put their own lives on the line to ensure that civilians are put at as little risk as possible.*** That is why my thoughts are with the innocent victims, both Israeli and Palestinian, and why TIM-PAC stands with Israel in its battle for freedom and security in its homeland.

I am also hopeful that the Egyptian government under President Mohammed Morsi will show that it is up to the challenge of responsible leadership, and will take actions to prevent further terrorist acts by Hamas.

In Freedom,

Tim Scott
