Dear Governor Haley-

I am most appreciative
of your invitation to the
Inauguration Ceremonies
on January 14, 2015.

I doubt I will be
able to attend due to
scheduled surgery on
December 15, 2014 for an
"aorta aneurysm" and also
correction of blood flow in
my legs. Dr. William
More is said to be
the "best" so I am
feeling confident? I try
not to think of Joan Rivers!
(I'm still scared)

I will be thinking of
you and I am very
happy for you and your

Family. I wasn't
worried. I knew you
would win. You are
a winner - not a loser!

Take care and thank
you very much.
