Katherine,

I really hate that you thanked me before I got the time to thank you! However, it was with great pleasure to attend and to be with you and the Governor. As I committed to you and to Rebecca, after having worked for Governor Campbell for 7 years I know well your daily world and loved every minute of it. My offer still stands to do lunch or after work drinks and dinner over the next few weeks to share thoughts and war stories! Please let me know what might work so we can plan it. It would be with great pleasure!!

Also, as I mentioned to the Governor and to Bobby Hitt, after having served this state in the BODs of State Chamber, SC Manf. Association, and Chairman of SC Automotive Council, I am ready to serve the Governor in any shape or form which she needs me where my native 30 years' experience in economic development, government and business in SC can best suit her direction. I will outline this a little better in an email I will send to her for which I'm sure will end up on your desk.

None the less, it was super to meet you, I really want to meet with you as I stated above if you are open, and look forward to four more years!

Yours,
Artie

Subject: 2014 RBC Heritage presented by Boeing

Dear Guest,

On behalf of Governor Nikki Haley, the South Carolina Department of Commerce, and the South Carolina Department of Parks, Recreation and Tourism, I would like to thank you for attending the 2014 *RBC Heritage presented by Boeing*!

The First Gentleman's Invitational, Palmetto State Reception, and the golf tournament presented unique opportunities and excellent venues where we could take business from the boardroom to the golf course. With leaders and executives from around the world coming together, we have forged a stronger statewide business environment for South Carolina.

We greatly appreciate your participation and support and hope to see you at next year's *RBC Heritage presented by Boeing* (April 13 -19, 2015). Please keep in touch, and do not hesitate to call if you need anything.

Thank you,
Katherine
