FROM: Ronnie E Brooks

152 Gailmoor Drive

Ladson South Carolina 29456

Phone 843 870-1160

Good day you're Honorable Governor

First my name is Ronnie E Brooks I have live in South Carolina for over 35 years now. Governor I am writing to you for the following reason: I had heard that they may be a bill for roads and bridges. The bill would be a Tax of half cents for 25 years and they would be a note added stating that the tax would end at the end of the 25 year mark. Now I have been doing a small serve on that issue, and here what I found out.

My first question was, would anybody think about that letter ending the tax in 25 years?

Answerer (no) so the tax would just keep going.

My second question was: Would you ready pay the tax for just 10 years and have you vehicle inspection twice a year for \$25.00, \$35.00 or \$50.00 with a \$15.00 to 20.00 add on to inspect any trailer that is used on South Carolina roads?

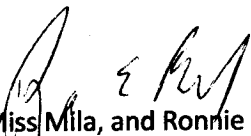

They answer was: yes they would pay the fee for the inspection, because it would remove those vehicles that need work and not just a tape job. It would save lives because many incidents are due to bad parts like brakes or head lights, and many other parts that should be working on the vehicles and trailer( is they use or have one). I know we use to have the inspection many years ago but today we have a lot more cars on South Carolina roads so we need it.

By doing the inspection again we will have an income for our roads and bridges that would last a long time. So if they do read write the bill (for 10 years) and add the (car inspection) you can put a law with in the bill that stats that the money cannot be used for any other reason but for roads and bridges only.

The inspection stations should be state inspector stationers. OR have personal that would check the station that the state had licensed to make sure the law is follow.

I think you for taking the time to read over my letter and I hope are is well with you and your family.

From:

  
Mr. and Miss Mila, and Ronnie brooks
