2000-2001 LIFE Scholarship Program

The Legislative Incentives for Future Excellence (LIFE) Scholarship was established by the General Assembly during the 1998 legislative session and was signed into law on Friday, June 19, 1998. The LIFE Scholarship Program is a merit-based scholarship designed to increase access to higher education, improve the employability of South Carolina's students, provide incentives for students to be better prepared for college, improve SAT scores, and encourage students to graduate from college on time.

During the 2000 legislative session, the General Assembly approved an increase to the LIFE Scholarship award amount. Students who attended a four-year public or independent institution received up to \$3,000, while students who attended a two-year public or independent institution received up to the cost of tuition and fees for thirty credit hours or its equivalent.

In order to qualify for the LIFE Scholarship for the 2000-2001 academic year, students were required to earn a 3.0 cumulative grade point average on a 4.0 scale and earn a minimum score of 1050 on the SAT (22 ACT).

To renew or gain scholarship eligibility, the student was required to:

- 1) meet all general eligibility criteria;
- 2) enroll full-time (at least 12 credit hours);
- 3) enroll as a degree-seeking undergraduate student;
- 4) earn a minimum 3.0 cumulative grade point average on a 4.0 scale by the end of the academic year (fall, spring, summer); and
- 5) earn an average of 30 credit hours each academic year (fall, spring, summer) equaling a minimum of 30 credit hours if a rising sophomore, 60 credit hours if a rising junior, or 90 credit hours if a rising senior.

As of September 4, 2001, the Commission on Higher Education awarded 17,269 students, totaling \$46.4 million for the 2000-2001 academic year. The following reports provide: the number of students awarded and the amount of funds dispersed; recipients by classification; retention; ethnicity; first-time entering freshman by county of origin; and recipients by county of origin.

2000-2001 LIFE Scholarship Recipients and Funding by Institutional Type
(as of September 4, 2001)

| Institution Type | Students | Funding |
|----------------------------|---------------|---------------------|

Fall 2000 LIFE Scholarship Retention
(as of 5/30/01)

Students receiving the scholarship in fall 1999 retained the scholarship in fall 2000 at a rate of 61.1%. First-time entering freshman in fall 1999 retained the scholarship in fall 2000 at a rate of 45.0% as compared to sophomores, 79.1% and juniors, 80.3%. The lower retention rate among freshman is likely due to the unique college adjustment issues they confront. However, the retention rate has increased 1.5% since last year.

| Institution | Retained at Same Institution | | | |
|---|------------------------------|--------------|--------------|--------------|
| | Freshman | Sophomore | Junior | Total |
