## South Carolina State Parks

HAPPY FATHER'S DAY! This is the Watts family -- three generations. Mr. George Watts (center), his two sons to his left and right and their sons in the back. The cool part of this story is that for 10 years now they have come from different parts of South Carolina and Georgia to meet at Kings Mountain State Park and fish at Lake York. What a cool Father's Day tradition!

**Gail Hannah** Hope fish were biting!!
