Subject: NEED THE Governor's Attention to this Bill before she signs H 5253

Please bring to the Governor's attention about House Bill H 5253 that this should apply to all school districts in South Carolina that was effected by the snow and ice storm days.

Ms. Katherine:

PLEASE give this to the Governor--- I am writing addressing this to her via you.

Governor Haley: Please see if you could do a blanket to cover all school districts in South Carolina that had ice and snow days that H~5243 has done for several school districts. Apply this to all school districts.

When I present bills that addresses Dorchester County Schools, I always include them both #2 and #4~~ but Murphy drew this bill up asking only for school district #2.

It was too late to get another bill or amendments in for school district #4 when the senate returned H 5253 it with their amendments.

Now the other school district #4 in Dorchester IS VERY UPSET they were not included. I believe all the other school districts in SC will be upset also once this is known or realized.

Please consider doing a blanket as you did on the graduation exit thing.

If any question PLEASE let me know ASAP.

Rep Patsy G. Knight
