**Subject:** AntiMicrobial/AntiBiotic Stewardship Program

---

Dear Mr. Bryant,

Your Honor, once again it was a sincere privilege to have met you last week and I greatly appreciated our conversations in regards to the newly enforced Federal Mandates requiring all Nursing Facilities, Hospitals and Federally Qualified Health Centers among others to incorporate an AntiMicrobial and Antibiotic Steward Program. (Federal Tags F441 & F881)

As a follow up to our phone call on Saturday, I would like to cordially invite you to visit our Clinical Laboratory located at 120 Church St. Charleston, SC 29401 to evaluate our AntiMicrobial and Antibiotic Stewardship Program aspects. Patient Advocacy is our primary focus and we firmly believe in a holistic proactive approach for not only the betterment of the patient but for our Healthcare systems as a whole.

Perhaps, if your schedule permits, we could set a date sometime after the upcoming Easter Holiday. Please let me know when you would possibly be available and our group will accommodate accordingly.

Sincerely,  
Patrick
