J.D.,

I am copying Katherine Veldran and Haley Mottel on this email. They are the Governor's liaisons to the Senate and are always very helpful. I generally communicate your concerns directly to them, but leave your name out of it. They wanted to let you know your emails do get to the Governor and her staff, but wanted you to be able to email them directly. They are the ones who sent me the letters from Gov. Haley on her stance with the illegal alien problems.

Anytime you have something you want to get to Gov. Haley, please email both of them and copy me and we will stay on top of it!

Thanks,

Shane

Subject: Contacting the Governor

You have and continue to advise me to contact the Governor. I wish it was so simple. The ONLY email address I have been able to obtain has been the generic "Contact Us" and the gambit of filters that that goes through. The chances of my Governor seeing even ONE are slim to nil and I think you know how true that is. We out here are just another raindrop on the tin roof creating the cacophony I'm sure she hears daily. That's why I depend on my Representative. I have full confidence in your ability to convey any grave concerns of your constituents that you consider relevant and pertinent. You have my permission to forward, print or directly communicate ANY of our correspondence to her office at any time.
Do what you can when you can....I'll keep the Faith
