Thanks...I'm wading through the application. I made a couple minor touch-ups to the cover letter and have it in the signature pile with a rush on it. She's offsite until tonight, so I likely won't have the letter until tomorrow morning.

Subject: FW: updated draft of grant

Christian and Josh,

Please see the attached draft of the grant for "Supporting Young Families Through Comprehensive Community Strategies." It is much more focused than the draft I sent last week so please disregard the first one. The main strategies are getting money out to the local communities to assist with education attainment for pregnant teen and fathers. Achieving a GED, or higher, will allow both parents to financially support their child and the required parent education classes will assist them in making better choices for discipline. We are hoping to submit electronically by tomorrow afternoon, if possible. Please let me know if you have any questions or want we to walk you through the grant.

I have also attached the Governor's designation letter – so you don't have to find my earlier email. Please print on official letterhead and I am happy to come by to pick up when its signed.

Thanks, Sue
