[200 Anonymous State Democratic Lawmakers Are Organizing a Gun Control Group in Secret](#) Nearly 200 anonymous (for now) state Democrat lawmakers have formed a gun control group in order to attack gun rights in our states. They are calling themselves American State Legislators for Gun Violence Prevention (ASLGVP).

Their reason for forming the anti-gun coalition is because of the lack of success by Congress to deteriorate our gun rights at the federal level. Now they are taking matters into their own hands by attacking gun rights in each of our states.
