KT –

Can you check into our office receiving this correspondence?

Thanks, KV

Senator Bright received an email January 8, from Ms. Brannon stating that she had not heard from the Governor's office and asked for his assistance.

Good morning Katherine,

Senator Bright has asked for any updated information on the progress of Ms. Peggy Brannon's concern regarding water flow damage to her property.

The email below and the attachments were sent to you in November 2013 and at that time Ms. Brannon was made aware that her file was being forwarded to the Governor's office since we were unsuccessful with obtaining assistance for her. Senator Bright received an email January 8, today, from Ms. Brannon stating that she had not heard from the Governor's office and asked for his assistance.

I look forward to your response so I may forward it to Senator Bright.

Sincerely,

*Amy Wieseahn

Subject: Constituent Concern - Ms. Peggy Brannon

Good afternoon Katherine,

After working with Ms. Brannon and the SCDOT here in Columbia and the Upstate for the past month+, Ms. Brannon has not had her concern dealt with. I am asking for assistance for Ms. Brannon. I am aware that she has contacted your office, as the letter was attached to her latest correspondence, but would like her file to be reviewed one more time. I have informed Ms. Brannon that her information would be sent to the Governor's office and that I would ask for assistance. Attached are some of the files that will give you the overview of the information and communication concerning Ms. Brannon and the SCDOT regarding the water flow damage to her property.

Thank you Katherine. Please keep me copied on the progress.

Lee
