

## HINTS TO CLERKS

Write names on the Sub-Index plain and in as bold a hand as possible. Don't make n like u. Don't try to subdivide names on Sub-Index further than is arranged by the scheme here laid out. That is, if Baker is the first name for the column, write Baker on the first line, followed by Babb if it should happen to be the second name of that group, and so on.

This Index System in loose leaf form is expansive and continuous. When more sheets are needed add them. When the binder in which they are originally placed becomes filled to its capacity, get another binder and carry one or more letters into the new binder and continue doing this until you have a book to each letter.

This Sub-Index can be renewed and re-written at very little expense and it is so planned that this can be done in after years if it becomes defaced and worn. Prices for new Sub-Indexes on either parchment paper or all linen furnished on request. Prices also quoted on re-writing names on Sub-Index in large type-writer type.

If any point is not clear to you when beginning the index or continuing its use, always feel free to write the maker or patentee, who will cheerfully reply to any questions regarding the proper working of the system.

CHAS. M. COTT,  
Patentee and Indexer,

430 N. High St., Columbus, O.

NOTE: The table of figures on each Sub-Index is for keeping track of used or partially used pages.
