I have been a consponsor of Constitutional Carry, and I support it. I no longer serve in the Senate, but if the Senate is tied on the issue, then I will vote as Lieutenant Governor in support of our 2nd Amendment rights

Lieutenant Governor Bryant, I am pleased to report to you that SC house bill 3930 passed the house. I know you are a lover of liberty and a friend and protector of the constitution. As such you will be excited to know that this bill restores the constitutional 2nd amendment right to South Carolina residents by allowing them to bear arms either openly or concealed. This is a very personal matter and a choice that should be in the hands of SC residents to make. Please support this bill and do all in your power to see it passed in the SC senate. Thanks again for your service to our state and your stance for our rights, David Rhymer
