## South Carolina State Parks

at 17:36:40 on 6/30/2020 UTC

WHAT IS IT WEDNESDAY!?! Ranger Stacey is here again to introduce us to a cool little plant you can find in the woods known as the sensitive briar. It has many other names too! Check it out and let us know if you have ever seen this before!

### Sensitive Briar Plant at Sesquicentennial State Park

**Danice Cunningham Meunier** These are a major part of my childhood. We'd "pet" them and say "Go to sleep..." Kept the tradition with my own kids. 😊

**Sherry McManus** Wow, what an awesome plant !!

Thank you for sharing 😊

**Leah Gehret** I suggest you guys also do YouTube. If you haven't already. It offers a higher quality video, which helps people see the detail of plants and such. It would also be cool to have some tutorials as well for camping reservations and how the iron rangers system works
